InvizBox 2 Quick Start Guide

Welcome to your new
InvizBox 2!

Follow the steps using your
phone or laptop and this
guide to get setup.

If you purchased an InvizBox 2 for use with a third-party VPN provider, you will need to provide your VPN credentials in step 6.

1

What's Inside?

InvizBox 2

Power Cable

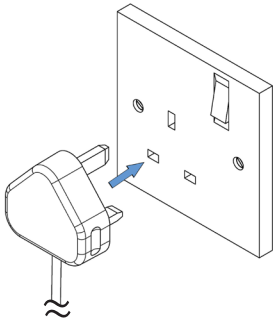

Ethernet Cable

Quick Start Guide

2

Powering On

Step 1 A

Connect the power cable to a power outlet.

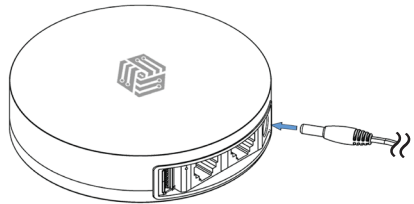

B

Action Completed:

Internet

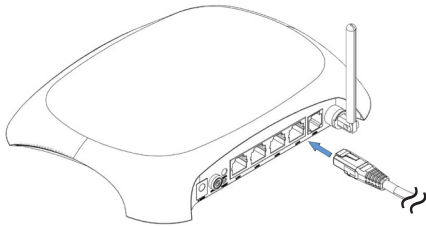

LED

Connect the other end of the power cable to your InvizBox 2.

Network Setup

Step 2 A

Plug one end of the supplied Ethernet cable into a spare LAN port on your router/modem.

5

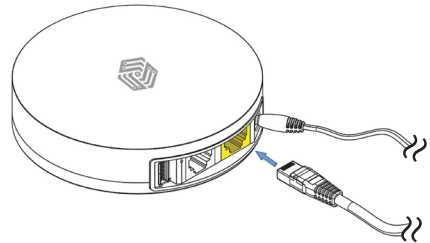

B

Action Completed:

Internet

LED

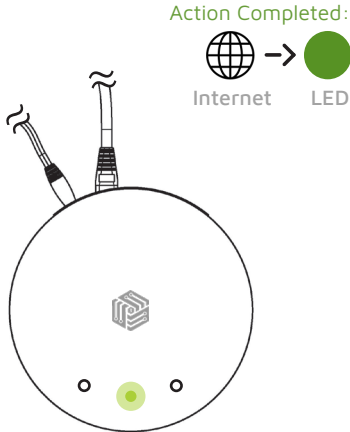

Connect the other end of the cable to your InvizBox 2's WAN port. This is the yellow section on your InvizBox 2.

6

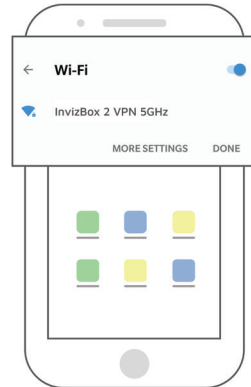

Network Setup

Step 3

Wait for your InvizBox 2 to boot, until the Internet LED (globe) is stable.

Step 4

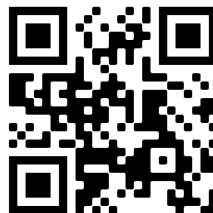

Connect a device to the "InvizBox 2 VPN 5GHz" WiFi hotspot. The password is on the bottom of your InvizBox 2 or scan the QR code.

Administration Interface App

Step 5 A

B

<http://inviz.box>

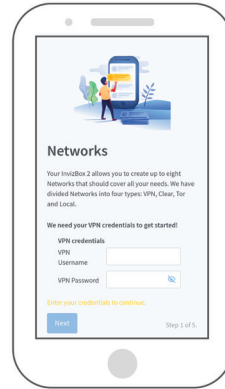

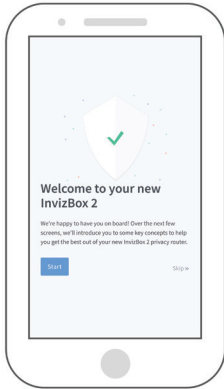

For the smoothest experience download the InvizBox Administration app available for Android and iOS.

Otherwise you can open the Administration Interface using your favourite browser.

Configuration

Step 6 A

B

The Administration Interface will present this onboarding page. Follow the on-screen instructions.

If you purchased an InvizBox 2 for use with a third-party VPN provider, you will need to provide your VPN credentials now.

Configuration

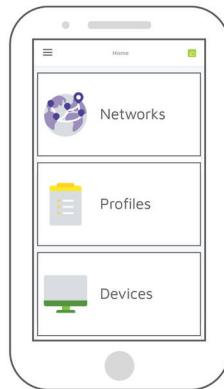

Step 7 A

B

Use the password underneath your InvizBox 2 to log in.

13

On the Administration Interface you can customize all of the settings on your InvizBox 2.

14
